

Associational Council Minutes

Jan 25, 2018

6:00pm

JBA Associational Council discussed the building extension project in depth, as well as the JoCo Project. It was discussed that the building project would roughly cost \$150,000 on the high end. It was further discussed to borrow \$75,000 in the hopes of keeping the monthly payment around \$600. The council agreed that we would cash in the CDs from KS Bank that were designated for "counseling center" funds with the remaining balance to be taken from our Investment Fund with the Baptist Foundation. Once the addition is complete, the balance of the non-budget line item can be used to update the existing facility to match the addition (remove wallpaper, paint walls, trimming, and doors, lay new carpet/flooring). The council will make recommendations to proceed with the building project and use Durwood Stephenson as the contractor.

Scripture & Prayer

Pastor Mark White opened with a devotional from Isaiah 59. What we expect God to do. Mark challenged us to not expect too much from God. We shouldn't expect God to cater to our demands. We shouldn't expect God bless us if we sit back and do nothing to serve His kingdom.

Welcome

Mark welcomed all guests. Blair Moust, (Vice Moderator), Darrell Taylor, (NLBC), Ron and Tammy Gibson, (Pastor at Simms Baptist Church)
